This case had been on the spreadsheet of doom but was not being addressed. So, I made a request for quick action by [REDACTED] and [REDACTED] last Monday [REDACTED] revised the report on Tuesday and we brought the case to CCD Options last week.

I can work on this first thing in the morning. I get here at 6:30. The only thing I see in my records is that we have a narrative request. Without checking the spreadsheet, is there anything else human health needs to provide?

I know that you said today that you had not yet had time to start work on the "hair on fire" cases that I forwarded to you last week. This is one of those; I sent the request last Tuesday. Of note, is that this one has been raised to the OCSPP IO by the submitter. Please have someone complete the Health Report as soon as possible. I need to respond to [REDACTED] in the morning. Thank you.

I just wanted to follow up on P-18-0073 to get a status update on this particular PMN. Do you have a timeline for when our review will be complete? If not, can you get me one by tomorrow please?

Thanks,
